Traffic Open Products and Specifications

TOPAS Trademark Regulations

Companies that have successfully registered their product(s) to a TOPAS specification(s) will be entitled to promote their product(s) using the TOPAS Trademark. It is a condition of product registration that you adhere to these Regulations of use.

In order to protect and grow the TOPAS brand, we have a distinguishable logo that can be used to mark products certified under a TOPAS Registration.

TOPAS

Traffic Open Products and Specifications

The TOPAS Registered Trademark

The TOPAS mark is a registered trademark of Traffic Open Products and Standards Limited (TOPAS) and is specifically registered as a Certification Mark in the UK No. UK00003934576. The use of the Trademark (Certification Mark) is regulated by TOPAS.

Use of the Trademark

Companies that have a current TOPAS Registration are automatically granted a non-exclusive, royalty-free licence to use the Trademark (used as a Certification Mark). The use of the Trademark must be in line with the use guidelines. Where the word TOPAS is to be used in narrative it must be used in Block Capitals and appended with the normal registered trademark symbol as shown below.

TOPAS™

When quoting the registration for a product for ease of reference for the procurer, it is recommended that your product registration number is referenced.

Eg This product is registered ref TOPAS™ 2023-4321

Licence Withdrawal

It is a condition of the licence of use that the Trademark (Certification Mark) is used in line with usage guidelines. Where Companies have multiple products, it is important to clearly identify which products are registered. TOPAS Limited reserve the right to withdraw the licence of use of the TOPAS trademark.

Contact

The TOPAS logo is available in various formats, along with usage guidelines. This may be requested via enquiries@topasgroup.org.uk.
